

Bunny card

1. Fold a rectangle of thin cardboard in half. Draw a shape for a body against the fold, like this.

2. Draw a shape for a head on another piece of cardboard. Add two long ears.

3. Cut around the shapes. Then, put the piece for the body to the side.

Pull the legs apart to make the card stand up.

4. Cut shapes for a nose, cheeks and ears from pieces of material. Glue them onto the head.

5. When the glue is dry, draw two eyes and a little mouth with a pen.

Let the glue dry.

6. Glue the head onto the body. Then, glue on a piece of a cotton ball, for a tail.
